

19 September 2017 - Parallel Sessions
9:00 am - 11:00 am

Garden Room 1 First Floor	Sustainable Development Challenges in Urban Areas (Climate, Water, Natural Resources, Transportation, etc.)	Moderator: Gordana Kranjac-Berisavljevic
	John Donnellan and Wanda Rutledge	Global Sustainability Risk to India
	Rebekah Adams	My city, my food: Examining the potential impact of the MyCITI bus system on food security in Khayelitsha, Cape Town, South Africa.
	Karna Dahal and Jari Niemelä	Challenges to accomplish carbon neutrality in the Helsinki Metropolitan Area by 2050
	John Dilyard	How Best to Measure Progress Toward Sustainability in Cities: Ranking Lists vs Sustainability Plans
	Paddy Enright and Aravind Kundurpi	A Decision-Making Matrix for Nature-Based Solutions: A tool for identifying urban climate change mitigation and adaptation co-benefits
	Arun Jhaveri	A Comprehensive Strategy for Effective Urban Sustainable Development
	Arun Jhaveri	An Integrated Strategy for Sustainable Development, Global Climate Change, and Indigenous Renewable Energy Resources
Garden Room 2 First Floor	Education for Sustainable Development: An Issue of Consciousness and Values	Moderator: Paula Hernandez
	Raja Abid and Patrice Jalette	Determinants of Corporate Social Responsibility Toward Employees: The Case of MNCs' Subsidiaries Operating in Canada
	Olga Krestyaninova	Doughnut as a Sustainability Education Tool in Central Asia
	Katie Ross	Proposed learning outcomes spaces of deep learning for sustainability
	Peter Salk	Individual and Collective Consciousness as the Basis for Sustainable Development
	Bhupindar Singh	Innovation for Education values with the rising complexities
	Juliet Sorensen and Megan Schliep	An Assessment of Radio-Based Education about Female Genital Cutting and Health and Human Rights Issues in Douentza, Mali
	Yi Sun	Revisiting Tagore's philosophy of education: A perspective on social sustainability and human development
Ivy Lounge First Floor	The Role of Universities in the Implementation of the SDGs	Moderator: Liliana Diaz
	Marco Berger Garcia and Carla Aceves Avila	Towards the implementation of Sustainable Development Goals at University of Guadalajara, Mexico
	Briana Guidorzi	Gender Sensitivity or Gender Content? Gender Mainstreaming Curricula and Promoting SDG 5 at a Tanzanian Teachers College
	Frederick Kakembo	Universities and Clean Cities: Building Synergies and Partnerships for Sustainable Waste Management
	Patrícia Faga Iglecias Lemos and Roberta C. Kronka Mülfarth	University of São Paulo Environmental Policies: Challenges and Achievements
	Carlos Mataix, Julio Lumbreras, and Sara Romero	UPM campus as a test bed for public policies and social innovation
	Natalie O'Neil	Universities as Transformative Locations for Sustainable Approaches to Science: Network of Early-Career Sustainable Scientists and Engineers' Sustainable Universities Programme
	Grace Offorma	Rethinking the University Teaching: The Changing Role of the University Teacher for Attainment of SDGs
	Aladji Madior Diop	Challenges on establishing a sustainable development program at Université Alioune Diop de Bambey, Senegal
Seminar Room 1 Second Floor	Gender and Sustainable Development	Moderator: Karen Brown
	Ekaterina Dorodnykh and Paloma Duran	Gender and Sustainable Development
	Mark Johnson, Katerina M. DeVito, Robert E. Fullilove, and Shelby Graves	Comprehensive Sexual Health Education in Zambia as a Modality for Sustainable Development and Gender Empowerment
	Elizabeth Koshy Kalarikad	Using evidence to promote women-owned Small and Medium Enterprises
	Citra Indah Lestari	Women's Empowerment and Its Impact on Women's Role in Adaptation to Climate Change
	Heather MacCleoud	What Women Want: An Analysis of Discourses Surrounding Education Access for Underserved Populations
1754 Boardroom Third Floor	Governance of Energy Transformations: Key to Sustainable Electric Systems (First Half)	Moderator: Cecilio Ortiz
	Isabella Alloisio	Good Governance for PPPs for the Transformation of the Energy System in West Africa
	Nathan David	The Effects of Energy Theft on Climate Change and its Possible Prevention Using Smart Meters: Case Study Nigeria
	Luciana Miu	Barriers and drivers of retrofit: using transitions theory and agent-based modelling to drive energy efficiency in UK housing
	Ranaporn Tantiwechuttikul, Kohzo Ito, and Masaru Yarime	Sectoral systems of innovation: A case study of solar photovoltaics
	Agronomy for Sustainable Development (Second Half)	Moderator: Ngozi Odiaka, David Nugent & Chibiya Shinggu
	Waman Salve	Agricultural crisis in India, Sustainable Development of Small and Marginal farmers
	Yves Zinngrebe	Is EU Common Agriculture Policy (CAP) Supporting Other Countries in Achieving the SDGs? Assessing Policy Coherence for Development
Seminar Room 3 Second Floor	Water Security in the Era of Climate Change: Issues, Cases, Practices	Moderator: Larry Swatuk
	Alejandra Calle, Melanie Marshall, Craig Eby, and Jonathan Bolai	Addressing Water Security Challenges in Caribbean Small Island Developing States to Increase Resilience against Climate Change Threats
	Romy Buchner, Mridula Nair, and Barbara Pinto	Unintended Consequences of Dams and Water Security: An Insight into Women's Vulnerability and the Spread of Malaria in Ethiopia
	Josephine Chan, Wendy Nakigudde, and Naomi Sunu	Assessing the Vulnerability of Bangalore's Water Supply to Climate Change
	Rebecca Arbour, Rebecca Thomson, and Amgad Zaky	Transboundary Water Management: Add Climate Change and Stir
	Roweida Arafah, Eriha Moores, and Muniyat Haque	Are Climate Change Adaptation Strategies Inclusive? The cases of Surat, Durban and Rio de Janeiro
	Stephanie Poirier, Oluwalayomi Oduşanya, and Larry Swatuk	Trade not Aid: International Trade as a Means of Adaptation for Food and Water Security Under the Influence of Climate Change in the Sahel Region
	Suraj Baral, Jenessa Lowewen, and Hayden Gould	Combating Climate Change and Achieving SDGs through Integrated Watershed Management (IWM): Lessons from India
Presidential Room 1 Third Floor	Poverty Eradication, Social Protection, and Equality in the SDGs	Moderator: Patrick Paul Walsh
	Balaji Naika	Internal Displacement and the 2030 Agenda for Sustainable Development: Issues and Challenges
	Elmohanad Elsayad, Isaac Giron, Christian Golightly, and Erin Wiedenman	Rural Livelihoods Diversification: A Case Study of Dairy Farming and Wool Spinning Enterprises in Padampur, Nepal
	Yossef Ben-Meir	Participatory Planning of Housing and Community Development

	Johnson Kakeu	Global Inequality and Transboundary Pollution
	Jimena Leiva Roesch and Cheryl He	Sustainable Development Goals for Peace: Greece as a case study
	Pandiyan Maduraiveeran	Poverty Eradication and Social Protection: A Study of Women Self-Help Groups Movement in Tamil Nadu
Presidential Room 2 Third Floor	Fostering Equity and Social Inclusion in Cities (First Half)	Moderator: Francesca Bianchi
	Zinette Bergman and Manfred Max Bergman	Sustainable Mobility: Metrorail Commuters in the Western Cape
	Suraya Ismail	Combating Gentrification Pressures in Inner Cities: A Case Study of Localized Affordable Rent-Determination in Malaysia.
	Md. A. Halim	Inclusive Urban Development: narrative of urban cleaners community in Bangladesh
	Abimbola Owolabi	Fostering Equity and Social Inclusion in Cities as a strategic policy for poverty reduction and sustainable development: The Sub-Saharan Africa Region's Experience
	The Role of Natural Resources in Peace-Building (Second Half)	Moderator: Saleem Ali
	Margarita Fontecha-Tirado	Building trust and collaborating with others: challenges for a sustainable peace in Caquetá, Colombia
	Alison Heslin	Blood and Soil: The Dynamic Relationship Between Resources and Conflict
Presidential Room 3 Third Floor	Sustainable Use of Water Resources (First Half)	Moderator: Bedri Drini & Joanne Chong
	Jennifer Broadhurst	The Contribution of Mining to Clean Water and Sanitation (SDG 6): Case Studies from South Africa
	Jocelyn Fraser and Nadja Kunz	Mining and Communities: Turning risks into opportunities through shared approaches to sustainable water management
	Sustainable Blue Growth (Second Half)	Moderator: Mounir Ghribi
	Nurmala Kartini Sjahrir and Andreas A. Hutahaean	Sustainable Coastal-Marine Livelihoods in Indonesia: A Mangrove Management Case Study
11:15 am - 1:15 pm		
Garden Room 1 First Floor	Sustainable Development Challenges in Urban Areas (Climate, Water, Natural Resources, Transportation, etc.)	Moderator: Gordana Kranjac-Berisavljevic
	Marilyn Glele Ahanhanzova	Building Sustainable Urban Futures in African Cities
	Mariela Arboit	Analysis of vegetation indices in low-density forested urban environments with dry climates. Case: Mendoza's Metropolitan Area (MMA), Argentina
	Antonin Margier, Silvère Tribout, Olivier Blanpain, and Mohammed Boumahdi	The Role of Aided Design Software on Environmental and Urban Design Method Transitions
	Miriam Mueller, Oscar Reutter, Manfred Fischechick, Dorothea Schostok, Mona Treude	Looking Ahead for Sustainable Development: Results and Lessons Learned from the Vision development of a "Sustainable North Rhine-Westphalia 2030" in a science-practice-dialogue
	Manohar Patole	Localization of SDG's through Disaggregation of KPI's
	Tabassam Raza	Localizing Climate Change Adaptation and Mitigation into Urban Sustainable Development: Low Carbon and Climate Resilient Quezon City, Philippines
	Rachmat Witoelar	Sustainable Vision for Cities and Regencies in Indonesia
Garden Room 2 First Floor	Education for Sustainable Development: An Issue of Consciousness and Values	Moderator: Paula Hernandez
	Sanjay Banerji	Sustainable Development - Road to 2050 - Spirituality - the Missing Link
	Jennifer Broadhurst, Dee Bradshaw, Susan Harrison, and Harro von Blottnitz	A Transdisciplinary Post-Graduate Degree Programme Specialising in Sustainable Mineral Resource Development
	John Dilyard	Franciscanism: A Framework Sustainable Development Education
	Vivian Kadelbach	A two-pronged approach to increasing levels of consciousness that generate lasting structural change
	Julio Rezende	Sustainable Development Goals in Conselho Regional de Administração CRA-RN (Brazil): the Promotion of Manager's New Consciousness and Values
	Emilia de la Sienra	Unlocking the hidden power of worldviews: a new opportunity for the transformative Education for Sustainable Development
Ivy Lounge First Floor	The Role of Universities in the Implementation of the SDGs	Moderator: Julio Lumbereras
	Marcia J. Harr Bailey	Cultivating SoIL: Elements of a Social Innovation Laboratory
	Dee Bradshaw	Development of a Platform for Sustainable Development in Africa through Minerals and Metals
	Joanne Chong, Alison Atherton, Caitlin Leahy, and Stuart White	What do the Sustainable Development Goals mean for research?
	Heather MacCleoud	Global Learning for Global Results
	Nigel Moore	Universities can be the Social Innovation Engines that End Energy Poverty
	Naijla Mouchrek	Engaging college students in the transition to sustainability through design-based approaches
	Sara Muir Owen	Pacific Institute for Climate Solutions: British Columbia's Universities Collaborate on Climate Change Solutions
	Helena Calderón Argomedo	University Entrepreneurship: Legislation and Public Policies. Study of KTOs at Mexican Universities, and a Proposal for the Promotion and Fostering of Protected Technological Innovation for the Strengthening of Competitiveness and Economic Development of the Country
Seminar Room 1 Second Floor	Gender and Sustainable Development	Moderator: Susan Murphy
	Renata Serra, Michelle Kendall, and Alexandra Towns	Engaging Men and Promoting Equitable Household Decision-Making in Agriculture and Livelihood Projects
	Nirosha Welgama	"The Invisible Ring" - A process documentation and analysis of formation of women's groups for mainstreaming gender into a marginalized community
	Elizabeth Pollitzer, Julia Taguena, Heisook Lee, and Miyoko O. Watanabe	Connecting Scientific Understanding of Gender Issues with SDG Targets and their Intervention Measures, for all SDGs
	Sheila Maingi	Strengthening Entrepreneurship Programs Countering Gender Based Violence Through Monitoring & Evaluation in South Africa
	Aries Heru Prasetyo, Jersan Hu, and Anthony Kuo	'My mom is a hero': A clock wise analysis of women's role in poverty alleviation through an indigenous community entrepreneurship program
	Claire Windsor	Periods, Perceptions, Practices: A Participatory Inquiry into Women's Experiences of Menstruation and Menstrual hygiene in Jhansi, India
1754 Boardroom Third Floor	Water, Energy, and Agriculture in the Context of Climate Change and the SDGs	Moderator: Magdalena Muir & Sami Ariekat
	Amanda Appasamy	Addressing Food Insecurity with year-round Geothermally Run Greenhouse in Canada
	Teresa Brás, Júlia Seixas, and Nuno Carvalhais	Assessing the impact of climate extremes and energy use in crop production
	Bassel Daher and Rabi H. Mohtar	The Role of the Water-Energy-Food Nexus in Implementing the Sustainable Development Goals in Morocco
	Elisa Delpiazzi, Lorenza Campagnolo, and Marinella Davide	SDGs under the climate change threat: an impact assessment in the agricultural sector

	Abbas El-Zein, Jocelyn DeJong, and Nisreen Salti	The SDGs and the Arab World: Questions about Citizenship, Gender, and Conflict
Seminar Room 3 Second Floor	Economics and Demography of Natural Disasters (First Half)	Moderator: Hiroaki Matsuura
	Hiroaki Matsuura	Economic Effects of Emergency Risk Communication: Evidence from the Fukushima Daiichi Nuclear Disaster
	Michio Naoi, Keiichi Sato, Yozo Tanaka, Hiroaki Matsuura, and Shingo Nagamatsu	Natural Hazard Information and Migration Across Cities: Evidence from the Nankai Trough Earthquake
	Keiichi Sato	Recent Japanese Cases and Problems of Widespread Migration Following Massive Disasters
	Towards Affordable and Clean Energy through Life Cycle Thinking (Second)	Moderator: Marzia Traverso & Maurizio Cellura
	Ademola Adenle	What role can solar energy technology play in achieving SDGs in Africa?
	Hillary Brown	A Circular Energy Economy: Cross-Sector Successes in Brazil and India
	Abimbola Owolabi	Sustainable and Affordable Clean Energy in Sub-Saharan Africa: Unlocking financial opportunities that will increase private and/or public finance in her Energy Sector to achieve Poverty Reduction and Sustainable Development
Presidential Room 1 Third Floor	Poverty Eradication, Social Protection, and Equality in the SDGs	Moderator: Patrick Paul Walsh
	Jennifer Turner, Matthew DiLorenzo, and Sid Ghose	Estimating Baseline Aid to the Sustainable Development Goals
	Jacob Sims and Valerie Karr	No one left behind: a review of disability inclusive development efforts at the World Bank
	Eun Jin Ryu and Sung Jin Kang	Borrowing Constraints and Temporary Withdrawal from School: Empirical Evidence from Malawi
	Odra Saucedo Delgado and Vivian Kadelbach	Effects of Conditional Cash Transfers anti-poverty programs as long term incentives for the use of public services in health and education by the beneficiaries. An empirical approximation based on panel data for the Mexican example of Prospera – Oportunidades (2002-2012)
	Heather MacCleoud	Education as Enabling Right: The Need to Incorporate Data on Forcibly Displaced Women’s Access to Education in the GEM Reports
	Olufemi Oshinowo and Olawale Olayide	Effect of Microfinance Institutions on Rural Households Well-being in Oyo State: A Case Study of IFAD/RUFIN Supported Project
	Mutiati Bolanle Titilola	Nigeria/Economic & Finance Studies: An impact assessment of sorghum production and trade
Presidential Room 2 Third Floor	Millennium Villages Project	Moderator: Amadou Niang
TBC	TBC	TBC
Presidential Room 3 Third Floor	Indigenous Ways of Knowing and Approaches to Sustainable Development	Moderator: Tamara Dionne Stout & David Wilsey
	Yapeng Ou	Traditional Knowledge and Sustainable Rural Development: on the Revitalization of Laochi in Shaanxi Province, China
	Cassandra Szabo and Kara Passey	Approaches to Sustainable Economic Development in Nisichawayasihk Cree Nation
	Victor Cabezas	Indigenous Law: A new perspective for consolidating cross-cultural sustainable development
	Honor Humphrey and Pilar Morales	Developing Indigenous Paralegal Training Programs to Promote Sustainable Development on the Amazon River
	Julia Fair and Erin Ntalo	Developing a Framework for a Mayan Economy
	Kristina Baines and Sebastien Buttet	Considering Maya Identity in Economic Development Models in Southern Belize: an Interdisciplinary Approach
3:00 pm – 5:00 pm		
Garden Room 1 First Floor	Indicators, Feedback Loops, and Impact Evaluation for the SDGs	Moderator: El Hadji Gueye & Cheikh Sidil Khair Mbaye
	David Horan and Anders Herlitz	Evaluating partial satisfaction of multiple SDGs
	Rainer Kunz	Why we have to ask the question "Who cares?"
	Ngo Dang Tri, Tran Thuy Chi, Tran Van Y, and Tuan Nguyen	Sets of Sustainable Development Indicators in Vietnam: Status and Solutions
	Dorothea Schostok	Review of sustainability indicators: the area of tension between existing Sustainability Strategies at the Level of the European Union, the National and Regional Level of the Federal Republic of Germany and the Sustainable Development Goals
	Caroline Zimm, Sebastian Busch, and Frank Sperling	Developing integrated pathways to prove the feasibility of achieving the SDGs and long-term sustainability transformation: The World in 2050 Framework
Garden Room 2 First Floor	Sustainable Consumption and Production	Moderator: Jorge Gomez-Paredes & John Dilyard
	Max Bergman, Zinette Bergman, and Lena Berger	An Empirical Exploration and Typology of Corporate Sustainability
	Michelle Mendlewicz	An Assessment of No-Deforestation Commitments in the Brazilian Amazon: The case of soy and cattle in Mato Grosso
	Oscar Perello and Felipe Larrain	Can mining countries take advantage of their mining revenues? A question of abundance, Sustainability performance of Italian textile product
	Nelly Oelze	Are consumer preferences for sustainability in the textile industry in alignment with best practice approaches to sustainable supply chain management?
	Carolina Grottera, William Wills, and Emilio Lèbre La Rovere	Consumption Patterns and the Transition to a Low-Carbon Economy in 2050 - The case for Brazil
	Hanna Arruda and Cláudia Buhamra Abreu Romero	Sustainable consumption: How materialism and trust play a role on collaborative non-ownership consumption
Ivy Lounge First Floor	Tools & Technology to Improve Health in Rural Areas	Moderator: Purity Mwendwa and Subbiah Elango
	Sarah Baird, Ben Kerman, Siriman Kiryowa, George Mike Lubereenga, and Derrick Luwaga	Towards Universal Energy Access: Technology and Tools in Rural Uganda, Improving Health and Tracking Impacts
	Frantisek Ficek	Interventions using Community-led total sanitation approach (CLTS) in developing countries: an analysis of practical experience
	Chief Nathaniel Ebo Nsarko	Reaching the Rural Poor through Health-Enhanced Community Health Workers (CHWS)
	Andrew Wabwire	Barriers to the enrollment of Midwives to the eLearning program in Uganda
Seminar Room 1 Second Floor	New Technologies and Solutions for Development Practice	Moderator: Mariela Machado
	Aaliya Ahmed and Malik Zahra Khalid	Technology for change: Sustainable Development in Rural India through CGNetSwara
	Paloma Andres Urrutia, Kelly Elizabeth Behrend, and Andrea Mara Hanai	The Purposeship Principles Standard: A Guide for Purpose-Driven, Cross-Sector Relationships
	Nathan Belofsky and Kateryna Zemskova	Bringing Earthbags To The People-A New, Democratic Approach To Sustainable Building
	Fraser Brown	Blockchain and SDG finance
	Carlos Mataix	Going beyond rhetoric in building multi-actor environments at universities
	Sumair Sayani and Sarah Cummings	Preparing for a World of 8 Billion: A Non-Zero-Sum Initiative
	Kathy Zhang	Corporate Social Responsibility (CSR): Application of sustainability concepts to big tech

1754 Boardroom Third Floor	Water, Energy, and Agriculture in the Context of Climate Change and the SDGs	Moderator: Sami Ariekat & Magdalena Muir
	Armine Avagyan Juergeniemi, Julia Wolf, Rohini Kohli, Claudia Garcia, Alessandro Spairani, Julie Teng, Gelila Terrefe, and Glenn Hodes	The role of the National Adaptation Plans (NAPs) in agriculture for achieving multiple Sustainable Development Goals and implementing the Paris Agreement
	John Dilyard	Water-Intensive Food Multinationals and SDG 6: How the Actions of the Former Relate to the Achievement of the Latter
	Alex Fischer	Improving drinking water security (SDG 6.1) in Bangladesh through data reconciliation, handpump data loggers, and institutional design
	Maureen Papas	Water, Energy and Agriculture in the context of Climate Change and the 2030 Sustainable Development Agenda – Mitigating risks to a sustainable future for Australia
	Maheshwor Poudel	Potentiality of Biogas as Renewable Energy Technology and its role for the Conservation of Environment
	Mario Johan Roidt, C. Tamara Avellan, Jörg Seegert, and Peter Krebs	How will environmental systems analysis inform the Water-Soil-Waste Nexus in 2050 to support Sustainable Development?
	Nathalie Spittler and Ganna Gladkykh	Renewable energies in 2050: Modelling the link between renewable energies and climate change
Seminar Room 3 Second Floor	Conserving Habitats and Biodiversity in Latin America & the Caribbean (First Half)	Moderator: Francisco Brzovic Parilo & Flávia Souza Rocha
	Ana Carolina Marques and Maria Fernanda Santos	Mosaics of Protected Areas: a tool for strengthening biodiversity conservation in Brazil
	Carla Panyella Medrano	Factors for the analysis of community-based tourism initiatives in Latin America
	Kamaladevy Sivalingam	Curbing Gold Mining in Choco, Colombia
	The Arts as a Tool to Raise Awareness of the SDGs (Second Half)	Moderator: Francisco Brzovic Parilo & Flávia Souza Rocha
	Lauren Butler	Dance and the arts for advancing science and building environmental respect
Seminar Room 4 Second Floor	Enhancing the Resilience of Livelihoods and Production Systems in the Sahel, Africa (First Half)	Moderator: Arpita Mandal, David Smith, & Adrian Cashman
	Birsat Halle Gebrekidan	Farmers Intensification Decision Under Fragile and Unpredictable Environment with a Bayesian Belief Network: The case of the Kilombero Floodplain in Tanzania
	Carol Maione and Eugenio Morello	New Life to Plastic: Reducing the Consumption of Plastic Materials and Turning Urban Waste into Opportunity in African Informal Settlements
	Herve Alain Napi Wouapi and Maruf Sanni	A Reflection on the Commitment to Enhancing Resilience of the Livelihoods and Production Systems to Climate Variability and other related risks in Africa
	Extreme Events Affecting Life and Livelihood for Small Island States (Second Half)	Moderator: Arpita Mandal, David Smith, & Adrian Cashman
	Melissa Curtis	Water availability, demand and supply model for the Rio Cobre basin of Jamaica - under different climate scenarios. Impact of drought on water resources.
	Crystal Drakes	Exploring A2 Futures: Combining modelling and scenarios to assess water availability and adaptation in the Small Island State of Carriacou
	Tracy-Ann Hyman	A Spatially Explicit and Dynamic Approach to Flood Risk Assessment in South-East Westmoreland, Jamaica
	Arpita Mandal, A. Nandi, D. Smith, A. Reid, and S. Watson	Hydro-meteorological hazards in Small Island Developing States of the Caribbean - case study from Jamaica
Presidential Room 1 Third Floor	Green Growth: How Can We All Profit from the Low Carbon Transition?	Moderator: Charlie Hargroves
	Megan Argyriou and Sharna Nolan	Positioning countries in Southeast Asia and the Pacific Islands for success in the transition towards a sustainable, equitable, net zero emissions world
	Daniel Conley, Karlson 'Charlie' Hargroves, Martin Lambert, and Peter Newman	Achieving a profitable low carbon transition: Learning from an entrepreneurial approach
	Karlson 'Charlie' Hargroves, Peter Newman	Carbon Structural Adjustment: The key to profiting from the low carbon transition
	Eric Kemp-Benedict and Emily Ghosh	Downshifting in the Fast Lane: A post-Keynesian Model of a Consumer-led Transition
	Bhupindar Singh	Innovation for Economic and Environment Health: Achieving Corporate Carbon Neutrality
	Sugandha Srivastav, Sam Fankhauser, and Alex Kazaglis	Low-carbon Competitiveness in Asia
Presidential Room 2 Third Floor	Building Resilience to Climate Change	Moderator: Saleem Ali
	Lisa Dale, Jonathan Held, Stephanie Ratte, and Farrukh Zaman	Anticipate, Absorb, Reshape (A2R): A Baseline Study of Climate Resilience in the Developing World
	May East	Regenerative Strategies for Climate Justice
	Nicasio Espina, Jr.	Planning for Climate Resilient Barangays in the Philippines: The Case of Barangay Tumana in Marikina City, Metro Manila
	Joan Frederick Ferreira Franca	RegionsAdapt 2016 Data Report: An assessment of risks and actions
	Helene Jacot Des Combes, Sarah L. Hemstock, Tess Martin, and Leigh-Anne Buliruarua	Capacity Development for Resilience to Climate Change in the Pacific: The EU-PactVET project
	Rita Marteleira, Pedro Santos Coelho, and Maria José Roxo	Water resources resilience and social perception of water scarcity in Tacloban, Philippines
	Susan Murphy	Global political processes and the Paris Agreement: a case of advancement or retreat of climate justice?
	Julio Rezende	Climate resilience by Nucleus of Research in Engineering, Science and Sustainability of Semiarid (NUPECS)
Presidential Room 3 Third Floor	Health and Sustainable Development (First Half)	Moderator: Samath Dharmaratne & Olanrewaju Olanayan
	Precious Akampumuza and Hirotsuka Matsuda	Climate Variability and Diarrhea Diseases: Evidence from Outpatient Data from Uganda
	Gonzalo Fanjul and Carolyn Daher	From Evidence to Practice: ISGlobal Urban Planning, Environment and Health Initiative
	Tahlia Rebello	The WHO's Global Clinical Practice Network for Global Mental Health: A Vehicle for Advancing the Sustainable Development Goals
	Alexandra Trant	Exploring the barriers to improving Health Management Information System reporting in the Sidama Zone, Southern Ethiopia: Focus on Maternal Health Reporting. A qualitative study.
	Lingfeng Zheng, Clémence Gatti, Esther Garrido Gamarro, Aya Suzuki, and Heng Ti Teah	Effects of Climate Change on Ciguatera Fish Poisoning, and Social-Ecological Resilience: Case Study of French Polynesia
	Health Economics (Second Half)	Moderator: Samath Dharmaratne & Olanrewaju Olanayan
	Bosede Awoyemi and Olanrewaju Olanayan	The Measure of Market Structure and the Quality of Healthcare in Hospital Markets, Ibadan, Nigeria
	Janaka Iakshman Pallewela	Trend of dengue cases in Sri Lanka: An empirical investigation in Doluwa MOH area
